

Solicitation Policy

The Town will allow solicitation (including so-called “boot drives”) in certain areas controlled by the Town with three (3) weeks written notice to the Board of Selectmen (BOS) with a copy for the Colrain Police Department. Notice should include the proposed location, dates, times, name of individual in charge of solicitation event, and contact information for the organization making the request. The BOS will review the request in a timely manner and the organization will be notified whether they will be allowed to solicit in the area requested. The BOS may also suggest a more appropriate area to solicit if one exists. The Board of Selectmen will limit “boot drives” to one per organization, per year.

Under no circumstances will solicitation be allowed within the gates of the Colrain Transfer Station.
