

Non-Collocation Feasibility Statement

January 21, 2025

Verizon conducted a search of the Federal Communications Commission (FCC) and the Federal Aviation Administration (FAA) databases and found no existing structures that would allow for collocation within one mile of the proposed tower located at Call Road, Map 412, Lot 4, Colrain, MA that would serve to meet the coverage objects.

A handwritten signature in blue ink, appearing to read "Kip Divito", written over a horizontal line.

Kip Divito
