Dear Friend:

It's an honor to introduce myself as your congressman—I represent the Second Congressional District, which now includes your community.

For me, public service is personal. Growing up in a middle-class family in Worcester, my sisters and I were taught the value of giving back. They became public school teachers. I went to work in Congress to make sure everyone had the same kinds of opportunities we had. As a husband and dad, I think all of us have an obligation to leave this country a better place than we found it.

That's why my team and I help thousands of people every year—resolving issues with Social Security and Medicare benefits, solving passport and immigration problems, fixing issues with veterans benefits, or even just helping families plan their trip to Washington, D.C. Last year, we successfully secured nearly three-quarters of a billion dollars to benefit our community. We get results because we understand that our job is making a difference for working families.

I want to hear directly from you so I can champion the policies you care about in Congress. Please don't hesitate to call my offices or send me an email. You can find a contact form on my website homepage at www.mcgovern.house.gov or scan the QR code above to sign up for my email newsletter.

I'm so proud to call Massachusetts our home. This Commonwealth is a hub of innovation and leadership—from legendary sports teams and world-class universities to diverse communities and breathtaking scenic beauty, we are so fortunate to live and work in one of the best places in the world. I look forward to working together to create an even brighter future full of hope and opportunity for all our families.

Sincerely,

James P. McGovern
Member of Congress

*I look forward to
getting to know you!*
